

Student Mentorship Program Mentor Application

The mentorship program seeks to pair students new to the meeting with other graduate students and postdocs who have been to JMIH in previous years. Please briefly answer the following questions. Your answers will be used to help pair you with an appropriate mentee.

E-mail the completed application to robert.d.denton@gmail.com no later than 1 May 2022.

1. Have you ever attended a World Congress of Herpetology or Joint Meeting of Ichthyologists and Herpetologists?

2. What is your field of study? What is your level of study? (i.e., are you MS or PhD student or postdoc?) [We use this to pair you with a mentee, so specifics are helpful.]

3. Do you speak any languages other than English?

4. How did you hear about the mentorship program?
